To whom It May Concern:

I am writing this letter on behalf of Timothy P. Ferguson, President of TPF Nursing Registry, Inc. I have known and worked with Mr. Ferguson over twenty years and have found the service and staffing to be totally committed to quality patient care. He expects a high standard of care and that is evident in his staff. The professionalism and commitment to the patient is without exception the best I have ever encountered. Mr. Ferguson has a wealth of knowledge regarding our present health care environment. His agency has a proven record in its flexibility and willingness to meet the needs of the Long Term Home Care patients. I know that I can always call him and he will respond.

It is with the utmost confidence that I enthusiastically recommend Mr. Ferguson and his agency. I believe he and his agency are the models of what a home health agency should be.
