To Whom It May Concern:

I am writing this letter on behalf of Timothy P. Ferguson, President of TPF Nursing Registry. I have worked with the staff provided by Mr. Ferguson and his agency for over five years. The service and staffing have always been of excellent quality in both the professional demeanor and personal commitment to excellence. I have met Mr. Ferguson and am impressed by his knowledge of the needs of the healthcare environment and his willingness and flexibility to meet the WCC needs. I have been so satisfied with the caliber of nurses that the WCC has hired three of the per diem nurses into full-time staff positions.

The area of Wound Care is still newly defined and requires a broad knowledge and skill base. Tim and his staff are diligent in seeking out and providing only the best nurses and I would recommend his agency and their services highly.

Please feel free to contact me if needed.
