To Whom It May Concern:

It is with pleasure and without hesitation that I write this letter of recommendation for Timothy P. Ferguson, President of TPF Nursing Registry, Inc.

I have worked with Tim and his agency both as a Registered Nurse working per diem as a Nursing Supervisor and as a Nurse Manager of multiple critical care units throughout the years. In those management roles, I depended heavily on TPF to meet my agency and or long term RN requirements.

The staff that works for his agency are of an extremely high caliber and extremely committed to quality patient care. The staff that he sends are qualified and courteous and dressed in a professional manner. The registered nurses he employs embody a personal commitment to excellence in their practice. If there was ever an issue with the quality or capability of a Registered Nurse that worked in my unit, Tim was readily available to address any issue.

His office staff is courteous, organized and dependable. Staff information regarding registration renewals, annual health updates, BCLS, ACLS and competency's are vigilantly attended to and maintained by his staff.

Although I have only ever required Registered Nurses from Tim, I know that his agency is available with different levels of staff. I would highly recommend that you take his bid under serious consideration in addressing quality of care for the patients at SUNY Downstate.

Please do not hesitate to contact me with any further questions at 718-270-8106.

Sincerely,

A handwritten signature in blue ink that reads "Patricia McCauley RN".

Patricia McCauley, MSN, RN
