May 19, 2009

To whom it may concern,

This letter is in reference to the TPF Nursing Registry located on West 11<sup>th</sup> Street in New York City.

I have known of this agency and have worked with this agency for at least 20 years, starting when I was the Director of the Emergency Department at St. Vincent's Hospital. They supplied exceptional professional staff as a supplement for our Emergency Room/Trauma Center.

I again worked with them at Lutheran Medical Center where they were able to provide us with non-professional staff, many times on short notice to cover sick calls and one-on-one patient coverage.

At Gouverneur, I have used them for long term assignments, when an individual employee has been sponsored for school. Some of the staff who have covered these assignments have become full time staff, here in Ambulatory Care. They have also managed to cover the Flu Campaign for the past 3 seasons with individuals who were able to elicit a terrific response from our employees.

I have never had a problem with billing; the rates charged are always the correct rate. Any problems with a specific individual are addressed promptly. Credentials are kept up to date. The agency also responds to queries or needs 24 hours a day. They do their absolute best to provide the services that you need, whether professional or ancillary.

If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Geraldine Cresci".

Geraldine Cresci, RN, MBA  
Director of Nursing  
Diagnostic and Treatment Center
