To Whom It May Concern:

I have known Tim Ferguson for over 20 years as both a registered nurse with his agency and as the clinical nurse manager of the Wound Care Center (WCC) at St. Vincent's Hospital. I have had the privilege to work for Tim and have always found him to be fair, honest and flexible. As a manager I now rely on him and his agency to provide staffing to the WCC and continue to value his personal commitment to excellence in sending only the most qualified candidates.

I would recommend Tim and the agency services both as a perspective employee and as an employer of his per diems. He and the TPF staff possess both personal and professional integrity and stand behind their work. Tim and his staff have a great work ethic, compassion and knowledge of healthcare and have always demonstrated the ability and willingness to meet the needs of the individuals they provide as well as the facilities they provide to.

Please feel free to contact me if needed.
